

- Imagine yourself overlooking the canopy of the Amazon Rainforest! -

AMAZON RAINFOREST WORKSHOP

Group Leader – Dr. Meg Lowman, NC Museum of Natural Sciences
with Dr. Phil Wittman, Canopy Quest and D.C. Randle, St. Francis High School
JULY 5-14, 2011 door-to-door

PROGRAM FEATURES

“This is a non-stop workshop full of once-in-a-lifetime experiences.”

Unique, active, and fun! This expedition is an eye-opening introduction to the environmental and cultural aspects of the Amazon Rainforest and river system in the Amazon basin of Northern Peru. The program is safe, comfortable, and accessible, offering the opportunity for many intercultural interactions, plus science and service field experiences:

- ❖ Work side-by-side with scientists in one of the most biologically diverse environments on the planet.
- ❖ Ascend over 115 feet on a 1/4-mile Rainforest Canopy Walkway, one of the few of its kind in the New World.
- ❖ Interact with indigenous people and see how they use the forest for medicine, food, and shelter.
- ❖ Contribute to a Community Service Project to benefit people who live in a village along the Amazon River.
- ❖ Use hand lenses, binoculars, maps, taxonomic keys for identification, and simple field equipment with the help of our experienced Naturalist Guides to learn about:

Insect Camouflage & Mimicry • Neotropical Butterflies • Rainforest Canopy Research • Reptiles and Amphibians
Medicinal Plants • Orchids & Bromeliads • Amazon River System • Neotropical Birds & Migration
